Beautiful, accessible, off-grid parcel in Pine Ridge Ranch. Views are awesome from the top part of the sloped and hillside land. Plenty of building sites for your off-grid home, livestock facilities, and garden. Very nice mix of terrain and vegetation. The South half of the lot is quite well treed with juniper and pinon. State Trust Land on two sides, with fencing on the north side. Start your self-sufficient lifestyle with this beautiful parcel of land! N8515 runs through the property.
